Commissioner of FDA
5600 Fishers Lane
Rockville, MD 20857

5932 '00 MAY -9 P1:56

Dr. Jane Henny:

I am writing to inform you of my strong opposition to the dairy industry's attempt to monopolize the word "milk." There are many different types of milk, only one of which comes from a cow. As soy milk, for example, is labeled as such so too should cow's milk be labeled as such.

Sincerely,

Kerry Holliday
